St Louis, MO 63124
Attn: Tom Hunsaker

Innovation Mechanical proposes to change the 5 Ton Compressor for RTU #9 (Trane).

RTU #9 5-ton Trane Compressor Replacement:

All labor/vehicle required to change the compressor

- (1) New 5-ton compressor
- (1) New Filter Drier
- All R-22 refrigerant, Compressor oil, evacuation, and torch fees
- Recharge unit to factory specifications
- Verify operation once complete
- 1-year warranty on parts

All for the sum of..... \$4,696.00

If it is determined that the refrigeration circuit had a bad burn and needs additional clean-up, a return trip to change the Filter Drier will be an additional \$400.00

Exclusions:

1. Work beyond above
2. Premium time labor or expedited shipping

Please review the above proposed scope of work and let me know if you would like to proceed.

Sincerely

Dan Moore
